### REASONS FOR ALLOWANCE

**Claims 1-64 are pending.**

**Claims 1, 27, and 59 are independent.**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Jacqueline Mahoney on 9-20-04.

The application has been amended as follows:

Claim 1, line 5: "one" has been deleted.

Claim 2, line 5: -- two -- has been inserted after "at least".

The following is an examiner's statement of reasons for allowance: The prior art neglects to teach/suggest tumor treatment method including an impedance measuring step in which *device sensors are each attached to separate power sources*. This language is found in each of the application's three independent claims (1, 27, and 59). By using separate power sources attached to individual sensors, the impedance

Art Unit: 3739

measurements acquired in the method are more accurate than would be the case by a single power source.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Peter J Vrettakos whose telephone number is 703 605 0215. The examiner can normally be reached on M-F 9-6.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Linda C Dvorak can be reached on 703 308 0994. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see <http://pair-direct.uspto.gov>. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
